| 2:00 PM | Adjourn |

THE FUNDAMENTALS

With the recent disruptions and challenges presented by the COVID-19 pandemic, AGLC is taking advantage of the time we've spent apart as an opportunity to reset and refresh our knowledge of the fundamental principles of grazing and proper forage management. As we continue to adjust to a post-pandemic world, AGLC encourages producers to ensure grazing fundamentals and best practices are and remain a part of your new normal in 2022.

The 2022 Arkansas Grazing Conference is presented by the Arkansas Grazing Lands Coalition (AGLC), which is graciously funded by AR-NRCS.

To learn more about AGLC, visit ARGrazingLandsCoalition.org.
